

GLOBAL PROCUREMENT POLICY

Document ID: EVAL-PROC-004

Section 2. Scope

This policy applies to purchases of goods, software, services, contractors, and renewals made by company personnel.

Emergency purchases may proceed before formal approval only when delay would materially harm safety, legal compliance, or service continuity.

Section 4.1 Competitive Quotes

Marker: EVAL-PROC-4.1.

Purchases over USD 25,000 require at least three written quotes unless Legal and Procurement approve a documented sole-source justification.

Purchases over USD 100,000 also require CFO approval before a purchase order may be issued.

Section 4.4 Anti-Splitting Rule

Marker: EVAL-PROC-4.4.

Employees may not split related purchases into smaller orders to avoid approval thresholds or competitive quote requirements.

Section 6.1 Payment Terms

Marker: EVAL-PROC-6.1.

Standard supplier payment terms are net 45 days from receipt of a valid invoice unless Finance approves a shorter term.

Prepayment requires written approval from the budget owner and Finance.

Section 7.2 SaaS Vendor Risk Review

Marker: EVAL-PROC-7.2.

SaaS vendors that store Confidential Information must complete security review and provide a current SOC 2 Type II report or equivalent independent assessment.

High risk vendors must have a remediation plan accepted by Security before contract signature.

Section 9. Records

Approved purchase requests, quotes, sole-source justifications, and signed contracts must be retained for seven years.
